

# SOUTHWEST PUBLIC SCHOOLS

*"Home of the Roughriders"*

---

Southwest Public School District will use ARP Act ESSER III funds to:

- Address learning loss of our students
- Reduce Class sizes to permit for more individualized instruction
- Add student interventionist to provide additional academic and social support

Our district is splitting two large classes beginning in August 2021 that would otherwise be considered larger than desired for the need for addressing any lost learning that may have occurred to the Covid-19 pandemic and to provide the opportunity for individualized attention for the acceleration of learning.

We will be hiring another teacher who will have a half-time responsibility of being in a 1-1 or small group student intervention capacity to address the needs of those students who demonstrate the need for additional help to achieve grade-level performance or additional academic help.

The district will use ESSER III allocations to pay for salaries and benefits for these three positions.

Our District will ensure that no student or teacher will be denied participation based on gender, race, national origin, socioeconomic status, disability, or age.

R. Todd Porter  
Superintendent
