PROMOTING EXCELLENCE IN EDUCATION

As educational needs expand and costs increase, teachers and students at times are presented with opportunities to further enhance their educational background and skills. Often, funding is not available to support the pursuit of these opportunities. Your involvement and contributions through the Southwest Public Schools Foundation will enable us to meet some of these needs.

The Southwest Public Schools Foundation seeks to support excellence in education now and in the future. As you join with the board in this commitment, we encourage you to contribute.
